(a) Up to 2000 estimates of mid-year population are from the Registrar General's Department. From 2002 onwards estimates have been adjusted based on the Census 2001.

(b) Data available only in census years and some survey years.

Sources: Registrar General's Department Department of Census and Statistics Central Bank of Sri Lanka

- (c) From 1990, based on Quarterly Labour Force Survey (QLFS) of the DCS. Upto 1989, based on other surveys in which the definition may differ.
  (d) Revised based on Statistics on Vital Events 2000-2010 published by Registrar General's Department in January 2011.
  (e) Based on Census of Population and Housing 2001.
  (f) Average of three quarters. Quarterly Labour Force Survey (QLFS) was not conducted by the DCS for the 2nd Quarter 2001.

- (g) Upto 2002, QLFS data excluding both the Northern and Eastern provinces. Commencing from the 1st Quarter 2003, Eastern Province was included and only the Northern Province was excluded from the survey.
   (h) Data excluding both Mullaitivu and Killinochchi districts.
- (i) Data excluding both the Northern and Eastern provinces
- (i) QLFS was conducted as a one-off survey in August 2005.
- (k) Provisional
  (l) Data excluding the Northern Province.
- (m) Data covers the entire island
- (n) Based on Census of Population and Housing carried out in 2012, covering the entire island

(a) The Central Bank began publishing National Accounts estimates in 1959. Estimates for the period 1950 - 1958 have been computed using the growth rates in "Estimates of Sri Lanka's Gross National Product from 1950 - 1981", T. Savundranayagam, Staff Studies Vol. 12 No.2 September 1982 and Vol. 13 No.1 and 2 April - September, 1983. Therefore, from 1950-1958 the sum of sectoral shares does not add to 100%. National Accounts data from 2003 onwards are based on the estimates of the Department of Census and Statistics (DCS) with base year 2002. National Accounts estimates were revised in 1970, 1982, and 1996 by the Central Bank and DCS in 2002. The GDP and GNP estimates before the revisions are given below. 1970: GDP (current factor cost prices) = Rs.Mm. 11,705, GNP (current factor cost prices) = Rs.Mm. 12,671 1982: GDP (current factor cost prices) = Rs.Mm. 19,743, GNP (current factor cost prices) = Rs.Mm. 89,609 1996: GDP (current factor cost prices) = Rs.Mm. 91,943, GNP (current factor cost prices) = Rs.Mm. 84,676 GDP and GNP estimates of DCS after the 2002 base year revision are given below. 2002: GDP (current market prices) = Rs. Mn. 1,636,037 GNP (current market prices) = Rs. Mn. 1,611,994 (b) Represents the Consumption basket of urban households within the Colombo district. (c) CCPI (2002=100) has been replaced since June 2011. (d) This series has been computed by splicing several series of implicit GDP deflators obtained with different base years. Hence, it would differ from a series compiled using the current and constant values of GDP. (e) Provisional

 <sup>(</sup>a) From 2003, based on Gross Domestic Product (GDP) at current market prices published by the Department of Census and Statistics.
 (b) From 1990, Balance of Payments (BOP) presentation conforms as far as possible to the BOP Manual, 5th edition (1993) of the International Monetary Fund. In addition, beginning 1994, Offshore Banking Units have been treated as a part of the domestic banking system.
 (c) From 2007 onwards, trade indices have been calculated with a wider coverage using 2010 as the base year.

- corporations plus claims on private sector plus other items (net).
- (b) The amount of currency, including subsidiary notes and coins held by the public (c) Demand deposits held by the public (d) Time and savings deposits held by the public

- The Central Bank adopted International Accounting Standards in January 2002. Accordingly, since then foreign assets have been recorded at market values, which reflect its impact on NPA and NDA of Monetary Authorities. Therefore, the values for the period prior to January 2002 are not comparable with the values thereafter.
- (a) Net domestic assets (NDA) are equal to net credit to government (NCG) plus claims on public (f) Credit extended to the government by the banking system, net of government deposits
  - with banks and government cash balances

    (g) Monetary data from 1990 have been reclassified to be consistent with standard international practices. Accordingly, demand, savings and time deposits held by the public exclude rupee deposits held by non-residents. The excluded amount is classified under foreign liabilities.
