Sources: Registrar General's Department Department of Census and Statistics

<sup>(</sup>a) From 2006, based on Quarterly Labour Force Survey (QLFS) of the Department of Census and Statistics (DCS). Up to 2005, data are available onleans years and some survey years.

(b) Toom 1990, based on QLFS of the DCS. Up to 1989, based on other surveys in which the definitions may differ.

(c) Data up to 2010 are for household population aged 10 years and above and from 2011 onwards are for those aged 15 years and above.

(d) Data excluding both Northern and Eastern provinces

(e) Based on Census of Population and Housing - 2001

(f) Data excluding both Northern province

(a) Data excluding both Mullatitiva and Killinochchi districts

(f) QLFS was conducted as a one-off survey in August 2005.

(i) Data cover the entire island.

(i) In July 2016, the DCS published a re-weighted and revised labour force data series for 2011 onwards.

(k) Based on the Census of Population and Housing - 2012

(h) Provisional

(m) Revised

(n) Average of four quarters of 2020

(a) The Central Bank began publishing National Accounts estimates in 1959. Estimates for the period 1950 - 1958 have been computed using the growth rates in "Estimates of Sri Lanka's Gross National Product from 1950 - 1981", T. Savundranayagam, Staff Studies Vol. 12 No.2 September 1982 and Vol. 13 No.1 and 2 April - September, 1983. Therefore, from 1950-1958 the sum of sectoral shares does not add to 100%. National Accounts data from 2003 onwards are based on the estimates of the Department of Census and Statistics (DCS) with base year 2002. From 2010 onwards, data are based on the GDP estimates of the DCS with base year 2010. The base years of National Accounts estimates were revised in 1970, 1982, and 1996 by the Central Bank and in 2002 and 2010 by the DCS.

1970: GDP (current factor cost prices) = Rs. 11,705 mn, GNI (current factor cost prices) = Rs. 12,671 mn 1982: GDP (current factor cost prices) = Rs. 11,705 mn, GNI (current factor cost prices) = Rs. 89,609 mn 1996: GDP (current factor cost prices) = Rs. 695,934 mn, GNI (current factor cost prices) = Rs. 16,611,994 mn GDP and GNI estimates of the DCS other the 2010 base year revision is given below. 2010: GDP (current market prices) = Rs. 1,636,037 mn, GNI (current market prices) = Rs. 1,611,994 mn GDP and GNI estimates of the DCS before the 2010 base year revision is given below. 2010: GDP (current market prices) = Rs. 5,604,104 mn, GNI (current market prices) = Rs. 5,534,327 mn (b) Estimates are updated with the latest population figures (c) This series has been computed by splicing several series of implicit GDP deflators obtained with different base years. Hence, it would differ from a series compiled using the current and constant values of GDP. (d) Revised eight provisional

Sources: Ministry of Finance Central Bank of Sri Lanka

<sup>2020 (</sup>h)(i) 1,620,705 24,088 5,713,300 1,706,975 9,065,068 6,052,179 15,117,247

(a) As per the guidelines of compiling government debt statistics in the Manual of Government Finance Statistics published by the IMF in 2014, non resident holdings of outstanding SLDBs have been classified under foreign debt and resident holdings of outstanding ISBs of the Sri Lankan Government have been classified under domestic debt from 2019 onwards.

(b) From 1950 to 1973, the outstanding balance is reported as at end September and thereafter as at end December

(c) Rupee denominated Treasury bills issued to foreign investors from 2008 onwards are excluded from domestic debt and included in foreign debt.

(d) Rupee denominated Treasury bonds of Rs. 4,397 million issued to the Co-operative Wholesele Establishment (CWE) in November 2003 (matured on 14 November 2016), Rs. 13,125 million issued to tapitalise SriLankan Airlines in March 2013 (matured on 01 June 2018) and Rs. 78,441 million issued to the Ceylon Petroleum Corporation (CPC) in January 2012 (of which Rs. 21,778 million matured on 01 June 2018) and Rs. 78,441 million outstanding is Rs. 56,662 million)

(From 2003 to 2009, the data are based on GDP estimates compiled by the DCS and from 2010 onward, the data are base on rebased GDP estimates (base year 2010) of the DCS.

(g) Bosed on the revised GDP estimates for 2018 and 2019 released on 16 March 2021 by the DCS

(h) From 2005 to 2009.

Dased on the revised CDF calminus to 2019 and 2019 rovisional.

The central government debt statistics at end 2019 could increase should the adjustment for payment arrears in government expenditure as per the Ministry of Finance be incorporated into the net financing of the budget deficit in 2019. However, such an adjustment would have no impact on the outstanding central government debt at end 2020.

(a) All values except Money Multiplier and Velocity of Money are in Rs. million
(b) M<sub>m</sub> is based on the aggregated data pertaining to the Central Bank, and both Domestic Banking Units (DBUs) and Offshore Banking Units (OBUs) of LCBs operating in Sri Lanka. Definitional changes have been adopted in aggregating DBUs and OBUs to avoid double counting and misclassification of assets and liabilities.
(c) NDA is equal to the sum of net credit to government (NCG), claims on public corporations, claims on private sector and other items (net).
(d) Demand deposits held by the public
(e) Time and savings deposits held by the public
(f) This includes NFA of the Central Bank as well as the Government's Crown Agent's balance reported by the Department of State Accounts.
(g) The Central Bank adopted International Accounting Standards in January 2002. Accordingly, since then foreign assets are recorded at market value, which reflects its impact in NFA and NDA of Monetary Authorities. Therefore, the values for the period prior to January 2002 are not comparable with the values thereafter.
(h) Credit extended to the Government by the banking system, net of government deposits with banks and government's cash balances
(i) Monetary data since 1990 were reclassifed to be consistent with standard international practices. Accordingly, rupee deposits held by non-residents are excluded from the total demand, time and savings deposits held by the public. The excluded amount is classified under foreign liabilities.
(ii) Velocity of money, which is calculated based on annual average M<sub>2p</sub>, is computed based on year-end M<sub>2p</sub>, only for 1991.

 <sup>(</sup>a) The rate at which the Central Bank grants advances to banking institutions as the lender of last resort. Since 16 April 2020, the Bank Rate was allowed to be determined automatically with a margin of 300 basis pints above the SLFR.
 (b) The Statutory Reserve Ratio (SRR) is the proportion of rupee deposit liabilities that commercial banks are required to maintain as a deposit with the Central Bank, subject to an allowance for till cash balances. Prior to 2001, the SRR applicable on rupee demand deposits is reported since different SRRs were applicable on different types of deposits,

allowance for till cash balances. Prior to 2001, the SRR applicable on rupee demand deposits is reported since different SRRs were applicable on different types of deposits, including foreign currency deposits.

Renamed w.e.f. 02 January 2014 as the Standing Deposit Facility Rate (SDFR). Previously named as the Repo Rate.

Renamed w.e.f. 02 January 2014 as the Standing Lending Facility Rate (SLFR). Previously named as the Reverse Repo Rate.

The Legal rate is defined under the Civil Procedure Code (Amendment) Act No. 6 of 1990 and spapicable to any legal action for the recovery of a sum of money. The Market rate is defined under the Debt Recovery (Special Provisions) Act No. 2 of 1990 and is applicable only in relation to legal actions instituted by lending institutions for the recovery of debt exceeding Rs. 150,000 arising out of commercial transactions, where there is no agreed rate of interest. The Monetary Board of the Central Bank determines the Legal rate and Market rate for each year and publishes in the Government Gazette in the month of December to be applicable for the forthcoming year. The Legal rate and the Market rate for the year 2021 is 10.12 per cent per annum.

Estate
