(c) 3rd quarter, 2002.

supply and Construction subsectors. All other subsectors are classified under Services.

(e) Includes workers' remittances.
(f) A series of new trade indices has been introduced from 1998. Please refer footnote (a) in Statistical Appendix Table 76 for a detailed description on the change of methodology. Data for 1990 have been obtained by splicing the previous annual trade indices series.

(g) Excluding commercial bank external liabilities.

- (h) Monetary data for 1990 are based only on data of the domestic banking units, while data from 1998-2002 are based on the aggregated data pertaining to both domestic banking units and foreign currency banking
- The Milanka Price Index (MPI) was introduced in January 1999, (1998 December = 1000) to replace the Sensitive Price Index.

(j) Revised

⁽a) Provisional
(b) Mid year population, population growth, population density, per capita GDP and per capita GNP data have been revised from 1990 on the basis of provisional estimates from the Census of Population and Housing - 2001.

⁽d) The sectoral classification has been revised in accordance with the classification used in the World Bank publication, World Development Indicators, which classifies the International Standard Industrial Classification (ISIC) - Revision 3 as follows: The revised sectoral classification is Agriculture (ISIC division 1-5), Industry (ISIC division 1-6). 10-45) and Services (ISIC division 50-99). Accordingly Agriculture includes the Forestry and Fishing sub sectors and Industry comprises the Mining and quarrying, Manufacturing, Electricity, gas and water
